

IP Research for Demanding Law Firms

The Pearson Strategy Group assists Intellectual Property attorneys by conducting efficient, actionable patent-related research. We support the attorney-client relationship and understand requirements for due diligence.

Our services are scalable and roll directly into client billing, providing effective options for one-time or ongoing needs. We are experts in patent research and have the tools to conduct a thorough, professional-grade search. Our researchers are U.S.-based and our resources are worldwide.

Typical delivery is 5 to 10 business days, with faster times often available.
